

MOM WITH CUSTOMERS

Project Idea: Cab Booking and Sharing

Date: 20-09-2016

First meeting with customer (NU students)

Mode of meeting: formal meeting with students

Team: Shubham-Mihir-Prateek-Rohan-Vishal

Discussion

Our Views:

- Cab bookings are frequently done by the students
- No source to book cab online ,relying on booking through mobile phones
- Sharing will help save money
- Customer will have the record of the distance travelled which helps in correct payment

Creating an app which will make booking easier and sharing possible.

Customer View:

They highly appreciated the Idea and wanted us to build the app for them.

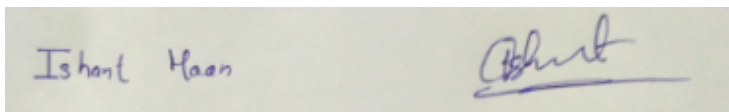

We also discussed to meet further regarding the progress of the project.

Signature of the customer present at the meeting:

Aditya Prakash

A photograph of a piece of paper with the name 'Aditya Prakash' written in blue ink on the left and a corresponding handwritten signature in blue ink on the right.
