

# **Cab Management System**

**Group members: Prateek Mishra, Mihir Garg, Shubham Singh, Vishal Yadav, Rohan Srivastava**

## **Nature of the Customer:**

Our project customers are the students of NIIT University.

We understand their problem from current cab system and then devise the idea of our project.

The directions they give us were very clear for solution of the problem.

We suggest them some of our ideas and they were happy with those.

They had regular meetings with us about the project and how it is going and wherever we were wrong about our approach they suggest the way out of it.
